

Students

We're making the college fair event much more efficient for you.

Register ONE TIME ONLY, and get a barcode to take to this event.

Put an end to filling out prospects cards at every table.

Instead, spend your time talking with the schools and finding out what YOU want to know.

Register in advance with confidence.
Two days prior to the fair and on the day of the event,
a reminder email is sent with your barcode attached.

Counselors

High school counselors have the ability to know who registered and have the functionality to individually or bulk print the student barcodes.

There is also the option for counselors to use our “Express Student Pre-registration” tool. Simply use the template to upload the student data needed and we will produce a registration profile for each student.

To gain access and to know how this functionality works, choose the **green** “High School Counselor” button on the www.gotocollegefairs.com homepage.
